Prepare the Decision Slide(s): One slide per item

- Use the Decision Items PowerPoint slide to create your decision items.
- Fill in the information using the bullet prompts (background, committee(s) involved, action requested, timeline)
- Keep all information for one decision item on one slide
- Do not change the fonts, colors, or styles as these must be combined from all committees
- Add additional Decision Item Slides if needed: To duplicate, right click on the Decision Item slide in the left sidebar and click "Duplicate Slide."
