Plan of Work Update

- **CRD Training**

Stacey McCullough

The committee met earlier this week to look at different models. One question discussed was whether the Foundations of Practice core competencies were still relevant. Suggestions of conducting a survey were discussed. The group decided that a survey of

CRD, MM and PSD to identify expertise and to gauge relevance of core competencies would be a good approach.

- **CRD Webinar Series**

Rachel Welborn

Rachel reviewed the list of volunteers for the yearlong southern CRD webinar series. Plans are to showcase each session in the month prior to the webinar in Around the South. Rachel will need a date/time, presenter, title, and short paragraph for each session at least 2 months before the webinar.

- **CRD Indicators Work**

Susan Jakes

The national CRD indicators group is planning to host quarterly webinars this year. The first one is November 9th on Public Value Statements.

- **CRD Mentorship Plan**

Christopher Cotton

No progress to report yet.
